UVHAMMER®

Before & After Sample Results

Dimer's patented variable-angle lamp technology allows the UVHammer to disinfect high-touch surfaces with an orders-of-magnitude advantage in efficiency and effectiveness.

Below is a visual demonstration of the UVHammer's effectiveness on a variety of different surface materials.

BEFORE	AFTER
	Control Metal 1°	30 UVC Metal 1°
	Control Leather 1°	30 UVC Leather 1°
	Contol Plastic 1°	30 UVC Plastic 1°
